## PROPERLY DISPOSE OF SMOKING MATERIALS

Smoking materials is a leading cause of outdoor fires. Reduce the risk of fire by safely disposing cigarette butts after use.

- Use deep, heavy ashtrays that do not tip over.
- Use ashtrays that are made out of non-combustible materials like metal, ceramic or glass and have a lid.
- Don't let ashtrays become so full that hot ashes might spill over the side.
- When outside, partially fill your ashtray with sand or water to discard and douse your cigarette in.
- Never discard smoking materials in vegetation, mulch, peat moss, potted plants, leaves, grasses, or other easily combustible materials.

For more information, visit [saskatoon.ca/fire](http://saskatoon.ca/fire).

## SUBSIDIZED SPAY AND NEUTER PROGRAM

Neutered male dogs live 18% longer than male dogs who are not neutered. Spay and neuter services help control the local pet population and keep pets feeling their happiest and healthiest.

The Subsidized Spay and Neuter Program is available to assist low income pet owners who could not otherwise afford veterinary services to have their pet spayed or neutered. For more information about the Subsidized Spay and Neuter Program, visit [saskatoon.ca/animalservices](http://saskatoon.ca/animalservices)
