GREEN CARTS ARE ROLLING YOUR WAY!

The City of Saskatoon is moving to a city-wide green cart program in the spring of 2023 and ending the green cart subscription program. Every household with rollout black and blue carts will be part of the program.

What to expect

- Green carts and kitchen pails are being delivered throughout March and April. Subscribers to the previous green cart program will get a kitchen pail delivered but will continue to use their existing carts.
- Year-round biweekly collection begins in May. Fees will not be applied on utility bills until May.
- Black cart collection will continue as biweekly, even in the summer months. More than half of what we throw away can go into the green cart! That's why black carts won't need to be collected as often.

Using the green carts will help divert up to 20,000 tonnes, the same as 3,300 garbage truck loads, from the City landfill each year, delaying the need for a new landfill and increasing Saskatoon's waste diversion by up to 12%.

For more information about green carts, and to download the 'Saskatoon Waste Wizard' app to check collection dates and sign up for collection reminders, please visit saskatoon.ca/greencart.
