Subject: Speaker for City Council on Monday September 23
Importance: High

Hello,

I would like the opportunity to speak at the City Council meeting on Monday September 23rd regarding the Adult Services Bylaw 9011.

As the president of the Sutherland Forest Grove Community, this matter directly effects the residents in my neighbourhood and the opportunity to speak would be greatly appreciated.

In my speech I would like to address several concerns about the proposed bylaw amendment and hopefully affect change in my neighbourhood.

I plan to bring along a study which shows that the proposed bylaw of 160 meters is not adequate, and will make copies for all of the councilors.

Thanks for your time and consideration.

Jennifer Simon
President, Sutherland Forest Grove Community Association
