

Electrical Service Request Form

Submitting the Form:

Email: saskatoon.light.power@saskatoon.ca

Please call Saskatoon Light & Power at **306-975-2414** if you have any questions.

This form is not an application for an Electrical Permit. Please contact the Technical Safety Authority of Saskatchewan (TSASK) at **1-866-530-8599** for all electrical permits and inspections.

The Saskatoon Light & Power **Customer Information Guide** provides information on general service requirements and can be found at www.saskatoon.ca/SLP under Services and Projects.

Electrical Service Request Form

Service Connection:

- | | |
|------------------------------------|--------------------------------------|
| New Service | Temporary Construction Service |
| Existing Overhead Service Upgrade | Existing Underground Service Upgrade |
| Overhead to Underground Conversion | Relocating Existing Service |

Note: Standard services are 100 AMP or 200 AMP. If you require a service above 400 AMP additional charges will apply.

| Plan or Civic Address | Estimated In-Service Date | Largest Meter Size | Number of Meters |
|-----------------------|---------------------------|--------------------|------------------|
| | | | |
| | | | |

If additional lines are needed, please use the comments box.

Estimated In-Service Date is for informational purposes only. Actual In-Service Date will be scheduled with SL&P for a mutually agreed upon day after the request has received the appropriate approvals.

Comments or Additional Information:

Optional Documents:

If available, please attach a sketch/drawing or site plan indicating all utilities and the proposed electrical service.

Customers are responsible to contact City of Saskatoon – Corporate Revenue Department to set up a new account for every utility meter required. The account can be set up in the following ways:

- In person at City Hall at 222 3rd Avenue North
- Phone: 306-975-2400 or 1-800-667-9944
- Email: revenue@saskatoon.ca
