7. QUESTION PERIOD

7.1 Councillor Z. Jeffries- Snow and Ice Event

Councillor Jeffries asked for an update on the response from the City for the recent snow and ice event and whether standards in terms of timeframes for icy intersections and snowy streets were met.

General Manager, Transportation and Utilities Department Jorgenson

responded that standards for sanding and salting were met. The timing of the storm presented a challenge for handling roads prior to the morning rush hour. Following completion of high volume roads, starting Friday night, local intersections and corners were dealt with and by Sunday evening local streets were in good condition.

Councillor Jeffries indicated he will follow up with the Administration to determine if the timelines are appropriate.

7.2 Councillor R. Donauer – Feedback for Budget Deliberations

Councillor Donauer asked if the feedback received from residents for budget will be applied to the budget.

City Manager Totland indicated that there will not be any adjustments made to the preliminary budget that was tabled with City Council as a result of engagement. The last engagement was the public's reaction to the tabled budget. Responses will be presented to Council for information and Council may make changes during the budget deliberations as a result.

7.3 Councillor P. Lorje – Privatization of Liquor Stores – Separation Distance to Schools

Councillor Lorje noted the announcement from the Provincial Government of some liquor stores being privatized, and believes this has implications on at least two locations in Saskatoon. She asked if the Administration is reviewing the situation and if a report is expected specifically regarding separation distance from schools.

General Manager, Community Services Department Grauer advised that stores selling alcohol are treated as a retail store in terms of location and that approach to date has worked. The City is aware of the proposed changes and that there could be an increase in the number of liquor stores. He suggested observing the situation for the time being and if there were influences in the community that were perhaps negative it would be addressed at that time.

7.4 Councillor T. Davies – Condolence Process for Death of Current City Employees

Councillor Davies asked what the City's condolence process is for a death of a current employee.

City Manager Totland indicated that condolences are handled internally for a staff member or member of their family that passes away. There have also been some particular memorials implemented by way of Council resolution.
